FREE SAP DATA MANAGEMENT BUSINESS VALUE ASSESSMENT

Oxygen, in partnership with Winshuttle are offering SAP customers the opportunity to identify high-yielding SAP process improvements in order to solve their SAP data loading and extraction problems whilst dramatically reducing data management resources and costs.

This free Business Value Assessment will identify where business process improvement can add value across your company. Specific business areas that benefit from this assessment include Human Capital Management, Supply Chain Management, Finance and Controlling, and Sales & Distribution.

If you are interested in taking up one of a limited number of free Winshuttle Business Value Assessments or would like more information, please contact Carl McGowan +61 2 8879 6544 or email offers@oxygenforbusiness.com

Limited number available to qualifying organisations. Offer expires 31/12/10.
